Six-clue indoor pilot

Keep this sheet with the host. Answers are intended targets, not a claim that a real object or location exists at your venue. The default activity is answer-only; if you add physical destinations, verify each target, access and meeting/finish instruction separately.

Intended answers and hints

Clue	Answer	First hint	Second hint
1	CALENDAR	Think of dates.	You might turn my page at the end of a month.
2	BOOK	Think of something you read.	You may find me on a bookshelf.
3	ENVELOPE	Think of mail.	A stamp may go on my outside.
4	PENCIL	Think of a writing tool.	Sharpen my point before drawing.
5	MAP	The first number becomes M.	You use the answer to find places.
6	BENCH	Use only the starting letters.	The answer is a place to sit.

Read the player sheet aloud if useful. A reasonable alternative answer is a reason to revise the wording or agree how to accept it. For clue5,13=M,1=A,16=P. Clue6 starts B,E,N,C,H. Ask a fresh reader to try every clue before using the full activity. No difficulty, duration or age-suitability benchmark is claimed.

For a browser version, manually add text tasks using the intended answers, test exact accepted spellings and add an informational finish. There is no automatic import from this sheet. Paper responses do not automatically enter the platform.
